HUMAN RESOURCES

Rate of Pay

The Board determines the beginning rate of pay for newly hired employees. Employees hired within twelve (12) months of separation will be paid at the rate of the last day of previous employment.

Summer jobs –classified staff will be paid at their current hourly rate of pay unless otherwise informed of a different rate.

Workday

Workday is defined as total weekly contracted hours divided by five days to obtain a daily average. The average is then used as the workday for calculating absences and holiday pay. All paras will have their workday computed to determine their daily average hours of work.

Paraeducators do not work when their assigned districts are closed due to inclement weather or other emergencies. Paraeducators will not be paid for these days. If earned Personal Days have not been used for the school year, these may be taken during inclement weather or other school emergency closures. Sick leave cannot be used for these days.

Workshops attended on weekends do not count as workdays without written prior approval from Keystone Administration. At the beginning of the school year, each classified staff member must check the Keystone and the district calendar where they work.

If a paraeducator cannot be in their assigned school at their scheduled time, he/she must follow the building's procedure for notification of absences. Paraeducators are expected to check with the building principal ~~as to whom to contact~~ and also their supervising teacher to determine if they wish to be notified at home of their absence. In the event of an emergency, a member of the Keystone Administrative Team should be contacted and they will notify building principal(s).

Hours of Work

The immediate supervisor, with the approval of Keystone administrators, will determine the hourly schedule for paraeducators. The immediate supervisor will inform paraeducators of their daily schedule of hours of work, including meal periods and breaks (if applicable). Administrators may schedule time over contracted hours when it is deemed necessary. Paraeducators are not permitted to work time over their contracts without the prior approval of Keystone administrators. Violation of not informing Keystone Administrators could result in disciplinary action to the supervising teacher and or para.

Meal Breaks

Immediate supervisors are responsible for scheduling meal breaks. Whenever necessary, the duration and time of meal periods may be changed. Employees will not be compensated for their meal breaks unless they are required to work during their breaks. Part-time employees scheduled to work more than five consecutive hours during any workday will receive a meal break of the same duration as full-time classified employees.

Probation Period

New Paras hired will be placed on a one month probation period. After successful probation, a contract will be issued. During the probation period, a new para will start accumulating paid leave, but leave will not be available for use by the para until after the probation period and a contract is offered. If a paid holiday falls during the two-week trial period, the para will not receive holiday pay. Holiday pay will not be retroactive if para receives a contract.

Termination

Paraprofessionals are at-will employees. At-will employees can be fired at any time, for any reason (except for a few illegal reasons such as age, race, religion and sex).

Long Term Substitute Position

Paraeducators who are hired as long-term substitute teachers will not receive holiday pay during their long-term substitute teaching position. When a paraeducator is moved from a paraeducator position into a long-term substitute position:

- Keystone will continue to pay health benefits to employees current program.
- Paraeducators will continue to receive sick and personal days, per para memorandum of employment, while substituting.

Keystone attempts to assist our districts by allowing our paraeducators to substitute as Special Education teachers when necessary for member districts. When substituting as teachers, paraeducators will be required to take leave without pay. Since paraeducators will be paid by the member district at their substitute rate, they are not eligible to take paid leave with Keystone.

PAYROLL AND BUSINESS OFFICE

Benefits

Paras who work 30 or more hours per week, will be eligible for:

Health Insurance – Keystone will contribute a board approved stipend per month toward the purchase of the Board approved health plan.

Voluntary Benefits - Vision, dental, disability, cancer, life, critical illness, identity protection, accident, hospitalization, and legal assistance can also be purchased at the employee's expense.

New paras working 30 hours or more per week, will be eligible for benefits at the first of the month following their 30-day waiting period.

Paras working less than 30 hours per week do not qualify for any health or supplemental benefits at this time.

Roth IRA and 403 B plans are available at employees cost, through payroll reduction/deduction.

Paras are required to pay their financial responsibility for benefits received during July and August. During the school year, the total amount for July and August will be prorated and deducted from monthly paychecks. If separation occurs, the employee will be reimbursed previous deductions on their final paycheck.

If a staff member resigns or is terminated prior to completing current contract, all benefits will cease at the end of the resignation/termination month.

If in doubt, contact the Director of Special Education.

Inservice Documentation

The Keystone office will keep paraeducator inservice documentation for 5 years.

Paraeducator Evaluations

At the end of the school year, any accrued leave will be accumulated to seventy (70) sick days.

2. A monthly report of remaining sick leave will appear on paycheck stubs.
3. Paraeducators who begin after the start of the school year and part-time paraeducators will receive a percentage of sick leave according to the percentage of the school year worked. The following formula will be used to determine the earned sick leave for new hired staff: 0-6 days left to work in the month the employee will earn 0 days of sick leave for that month; 7-16 days worked in the employees first month the new employee will earn ½ day of sick leave for that month; if the new employee works 17 or more days in a month, they will earn one day for their initial month of employment. Failure to comply with these responsibilities may result in dismissal.

STUDENT SERVICES

Health Services for Students

The Nurse Practices Act of 1989 requires that nursing services, such as dispensing medication, catheterization, or tube feeding, can be performed only by a licensed medical professional or a person to whom the task has been delegated. When such services are needed by students with disabilities during the school day, school nurses from the respective county health departments will provide training for Keystone staff and delegate the task. Required documentation will be maintained by the nurse and the staff performing the

delegated task.

Children and Youth with Disabilities in Local Correctional Facilities

Federal and state regulations require local school districts to provide FAPE (special education and related services) to students with disabilities/exceptionalities, even if they are in a detention or correctional facility. The local district where the correctional facility is located is responsible for the provision of these services.

1. When local school personnel have knowledge of a student with an exceptionality being placed in a local correctional facility, they must contact a Keystone special education administrator immediately.
2. The Keystone administrative team will make all necessary arrangements for providing FAPE.
3. The Keystone Director of Special Education will make yearly contacts with the Jefferson County Attorney and the Jefferson County Sheriff to share information regarding the obligations of the school and to discuss the most efficient method for providing the services.
4. Local school personnel should also contact a Keystone special education administrator if they have knowledge of a student with an exceptionality being placed in a correctional facility outside the Keystone service area. In this case, the Keystone administrator will contact the appropriate person in the district where the student is detained to assure that FAPE is provided there.
